Barnstable Fire District Phase 2 Planning Committee

FIVE TO SEVEN CITIZENS NEEDED!

The Barnstable Fire District Prudential Committee voted at their November 18, 2025, meeting to form a "*Barnstable Fire District Phase 2 Planning Committee*". The committee shall be made up of one member of the Prudential Committee, one member of the Board of Water Commissioners, and five to seven (5 -7) citizens who must be Precinct 1 registered voters.

The primary purpose of this committee is to investigate and evaluate and determine the best location for the Barnstable Fire District offices and Barnstable Water Department. The general idea is to evaluate the following sites for that use; the current fire station building located at 3249 Main Street, the temporary site of the Barnstable Fire District and Water Department offices at 255 Breeds Hill Road, any other property that could be identified as a suitable location for the Barnstable Fire District offices and Barnstable Water Department.

The second purpose would be to then determine the use of the current fire station at 3249 Main Street if it is not chosen to be the future site of the Barnstable Fire District offices and Barnstable Water Department. The committee will be tasked with developing a plan to move forward in the best interest of all parties involved and then present this plan to the Prudential Committee then to the district voters at an upcoming Annual Barnstable Fire District Meeting.

Please submit a letter of interest, including any relevant experience or information that you feel makes you an ideal candidate for the committee, by **December 31, 2025**.

Appointments will be made at the Prudential Committee meeting on **January 13, 2026**.

Letters of interest should be emailed to Prudential Committee Chairman William Jones at wjones@barnstablefiredistrict.com
